Section I - Instructions to Bidders

A. General	
1. Scope of Bid	<p>1.1 With reference to the RFP notice, specified in the Bid Data Sheet (BDS), the KSCCL, as specified in the BDS, issues this Bidding document for the provision of Works as specified in Section V, Supply & Service Requirements. The name, identification, and number of lots (contracts) of this RFP are specified in the BDS.</p> <p>1.2 Throughout this bidding document:</p> <ol style="list-style-type: none"> a. the term “in writing” means communicated in written form (e.g. by mail, e-mail, fax, including, if specified in the BDS, distributed or received through electronic-procurement system used by the KSCCL) with proof of receipt; b. if the context so requires, “singular” means “plural’ and vice versa; and c. “Day” means calendar day, unless otherwise specified as a “Business Day.” A Business Day is any day that is a working day of GoAP. It excludes the GoAP’s official public holidays.
2. Fraud and Corruption	<p>2.1 KSCCL requires compliance with the Indian Penal Code 1860 and Prevention of Corruption Act 1988. KSCCL defines, for the purposes of this provision, the terms set forth below as follows</p> <ol style="list-style-type: none"> a. “corrupt practice” means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution; and b. “fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Department, and includes collusive practice among bidders (prior to or after tender submission) designed to establish bid prices at artificial non-competitive levels and to deprive the benefits of free and open competition. <p>2.2 Any effort by a bidder to influence the Department in the Department’s bid evaluation, bid comparison or contract award decisions may result in rejection of the bidder’s tender.</p> <p>2.3 The Department will reject a proposal for award if it determines that the bidder recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question</p> <p>2.4 In further pursuance of this policy, bidders shall permit and shall cause their agents (where declared or not), subSupplier/ Service Providers,</p>

	<p>sub consultants, service providers, suppliers, and their personnel, to permit KSCCL to inspect all accounts, records and other documents relating to any initial selection process, prequalification process, bid submission, proposal submission, and contract performance (in the case of award), and to have them audited by auditors appointed by KSCCL.</p>
<p>3. Eligible Bidders</p>	<p>3.1 A Bidder may be a firm that is a private entity, a state-owned enterprise or institution or any combination of such entities in the form of a joint venture (JV) under an existing agreement or with a new JV agreement entered solely for the purpose of the said bid. In the case of a joint venture, all members shall be jointly and severally liable for the execution of the entire Contract in accordance with the Contract terms. The JV shall nominate a Representative who shall have the authority to conduct all business for and on behalf of any and all the members of the JV during the Bidding process and, in the event the JV is awarded the Contract, during contract execution. The Maximum number of JV members eligible is specified in the BDS.</p> <p>3.2 A Bidder shall not have a conflict of interest. Any Bidder found to have a conflict of interest shall be disqualified. A Bidder may be considered to have a conflict of interest for the purpose of this Bidding process, if the Bidder:</p> <ul style="list-style-type: none"> (a) directly or indirectly controls, is controlled by or is under common control with another Bidder; or (b) has the same legal representative as another Bidder; or (c) has a relationship with another Bidder, directly or through common third parties, that puts it in a position to influence the Bid of another Bidder, or influence the decisions of the Purchaser regarding this Bidding process; or (d) has a close business or family relationship with a professional staff of the KSCCL who: (i) are directly or indirectly involved in the preparation of the Bidding document or specifications of the Contract, and/or the Bid evaluation process of such Contract; or (ii) would be involved in the implementation or supervision of such Contract. <p>3.3 A firm that is a Bidder (either individually or as a JV member) shall not participate in more than one Bid, except for permitted alternative Bids. This includes participation as a sub- contractor/ Service Provider in other Bids. Such participation shall result in the disqualification of all Bids in which the firm is involved.</p>

	<p>3.4 A Bidder shall be an Indian national, subject to the restrictions pursuant to ITB 3.5. A Bidder shall be deemed to have the nationality of a country if the Bidder is constituted, incorporated or registered in and operates in conformity with the provisions of the laws of that country, as evidenced by its articles of incorporation (or equivalent documents of constitution or association) and its registration documents, as the case may be.</p> <p>3.5 The bidder shall not have been blacklisted by any of the Central government/ State government/ Semi- government/ PSU's of central/ state governments. Failure to accept the correction in accordance with ITB 28.1, shall result in the rejection of the Bid.</p>
29. Margin of Preference	Unless otherwise specified in the BDS , a margin of preference shall not apply.
30. VOID	
31. Evaluation of Bids	<p>31.1 KSCCL shall use the criteria and methodologies listed in this ITB and Section III, Evaluation and Qualification Criteria. No other evaluation criteria or methodologies shall be permitted. By applying the criteria and methodologies KSCCL shall determine the Most Advantageous Bid in accordance with ITB 36.</p> <p>31.2 To evaluate a bid KSCCL shall consider the following:</p> <p>(a) The selection is based on Quality Cum Least Cost Based selection (QCLCS).</p> <p>(b) The evaluation committee shall evaluate the stage-1 qualification criteria such as preliminary qualifications, financial eligibility and Technical eligibility. The bidder who satisfies these requirements will be made eligible for further evaluation of full technical proposals (stage-II) on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, sub-criteria, and point system specified in BDS. Each responsive Proposal will be given a technical score (St). A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP, and particularly the Terms of Reference or if it fails to achieve the minimum technical score specified in the BDS.</p> <p>(c) The bidders who score minimum qualifying score or more as specified</p>

	<p>in the BDS shall be treated at par and be considered technically qualified are eligible for opening of financial bid i.e., stage-3. Financial bids of only those bidders who are qualified in Stage II will be opened.</p> <p>(d) price adjustment for correction of arithmetic errors in accordance with ITB 28;</p> <p>(e) any other additional evaluation factors specified in the BDS and Section III, Evaluation and Qualification Criteria.</p> <p>31.3 The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be taken into account in bid evaluation.</p>
<p>32. Comparison of Bids</p>	<p>32.1 KSCCL shall compare the evaluated costs of all substantially responsive Bids established in accordance with ITB 31.2 to determine the Bid that has the lowest evaluated cost.</p>
<p>33. Abnormally Low Bids</p>	<p>33.1 An Abnormally Low Bid is one where the Bid price, in combination with other elements of the Bid, appears so low that it raises material concerns as to the capability of the Bidder in regards to the Bidder's ability to perform the Contract for the offered Bid Price.</p> <p>33.2 In the event of identification of a potentially Abnormally Low Bid, KSCCL shall seek written clarifications from the Bidder, including detailed price analyses of its Bid price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and responsibilities and any other requirements of the Bidding document.</p> <p>33.3 After evaluation of the price analyses, taking into consideration the schedule of estimated Contract payments, the KSCCL may require that the amount of the performance security be increased at the expense of the Bidder to a level sufficient to protect the KSCCL against financial loss in the event of default of the successful Bidder under the Contract. If the increased amount of the performance security is not acceptable to the successful bidder, the KSCCL may in writing reject the bid of the successful bidder and in such case the next ranked bidder may be called for the negotiations and if such situation still persists the next placed bidder may be called for negotiations and so on till the finalization of the contract or the KSCCL may cancel the bidding process and recall the RFPs.</p> <p>33.4 If the bid price is abnormally low i.e., more than 15% less than the KSCCL estimated value, the bidder should deposit an additional security deposit for an equivalent amount of deference between the 15% and quoted price as pr ITB 42.</p>

<p>34. Unbalanced or Front Loaded Bids</p>	<p>34.1 If the Bid that is evaluated as the lowest evaluated cost is, in KSCCL's opinion, seriously unbalanced or front loaded, the KSCCL may require the Bidder to provide written clarifications. Clarifications may include detailed price analyses to demonstrate the consistency of the Bid prices with the scope of works, proposed methodology, schedule and any other requirements of the Bidding document.</p> <p>34.2 After evaluation of the price analyses, taking into consideration the schedule of estimated Contract payments, the KSCCL may require that the amount of the performance security be increased at the expense of the Bidder to a level sufficient to protect the KSCCL against financial loss in the event of default of the successful Bidder under the Contract. If the increased amount of the performance security is not acceptable to the successful bidder, the KSCCL may in writing reject the bid of the successful bidder and in such case the next ranked bidder may be called for the negotiations and if such situation still persists the next placed bidder may be called for negotiations and so on till the finalization of the contract or the KSCCL may cancel the bidding process and recall the RFPs.</p> <p>34.3 If the component wise price in the bid is unbalanced or front loaded by less than 15%,the bidder should deposit an additional Performance security for an equivalent amount of 1.5 times of the difference between the estimated price and quoted price for the unbalanced component. As per ITB 42</p>
<p>35. Qualifications of the Bidder</p>	<p>35.1 KSCCL shall determine to its satisfaction whether the eligible Bidder that is selected meets the qualifying criteria specified in Section III, Evaluation and Qualification Criteria.</p> <p>35.2 The determination shall be based upon an examination of the documentary evidence of the Bidder's qualifications submitted by the Bidder, pursuant to ITB 15. The determination shall not take into consideration the qualifications of other firms such as the Bidder's subsidiaries, parent entities, affiliates, subSupplier/ Service Providers (other than Specialized SubSupplier/ Service Providers if permitted in the Bidding document), or any other firm(s) different from the Bidder.</p>
<p>36. Most Advantageous Bid</p>	<p>36.1 Having compared the evaluated costs of Bids,KSCCL shall determine the Most Advantageous Bid. The Most Advantageous Bid is the Bid of the Bidder that meets the Evaluation criteria as per Section III.</p>
<p>37. KSCCL's Right to Accept Any Bid,</p>	<p>37.1 KSCCL reserves the right to accept or reject any Bid and to annul the Bidding process and reject all Bids at any time prior to Contract Award, without</p>

and to Reject Any or All Bids	thereby incurring any liability to Bidders. In case of annulment, all Bids submitted and specifically, Bid securities, shall be promptly returned to the Bidders.

- iv. In the event of the Rickshaw/E-Carts failing to pass the acceptance test, a period not exceeding two weeks will be given to rectify the defects and clear the acceptance test, failing which the Purchaser reserves the rights to get the Rickshaw/Carts replaced by

the Supplier at no extracost to the Purchaser.

- v. Successful conducts and the conclusion of the acceptance test for the installed Rickshaw/Cart shall also be the sole responsibility and at the cost of the Supplier.

- 1.1. The inspections and tests will be conducted on the premises of the Supplier/ Manufacturer. For conducting the inspection and tests at the premises of the Supplier/Manufacturer, all required facilities/logistics including travel, boarding and lodging, inspection facilities, assistance etc. shall be provided by the Supplier at no charge to the inspection team of the Purchaser. Supplier shall intimate to the Purchaser that the Rickshaw/Carts are ready for inspection and the Purchaser can send their team for inspection. After receipt of such intimation from the Supplier, the Purchaser shall arrange for inspection.
- 1.2. Should any inspected or tested Rickshaw/Carts fail to conform to the specifications, the Purchaser may reject the Rickshaw/Carts and the Supplier shall either replace the rejected Rickshaw/Cart or make alterations necessary to meet specification requirements free of cost to the Purchaser.
- 1.3. The Purchaser's rights to inspect, test and, where necessary, reject the Rickshaw/Carts after the Rickshaw/Carts arrival at Final Destination shall in no way be limited or waived by reason of the Rickshaw/Carts having previously been inspected, tested and passed by the Purchaser or its representative.

2. Manual and Drawings

- 2.1.1. Before the Rickshaw/Carts are taken over by the representative(s) of the project site(s) i.e. Kakinada, the Supplier shall supply operation/user manual together with, if any. These shall be in such detail as will enable the Purchaser to operate all the equipment as stated in the specifications.
- 2.1.2. The manual shall be in the Telugu and English and in such form and numbers as stated in the purchase order. Unless and otherwise agreed, the Rickshaw/Carts shall not be considered to be completed for the purpose of taking over until such manuals, as stated in the purchase order, have been supplied to the Purchaser.

3. Packing

- 3.1.1. The Supplier shall provide such packing of the Rickshaw/Cart as is required to prevent their damage or deterioration during transit to their final destination as indicated in the purchase order. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit and open storage. Packing case size and weights shall be taken into Consideration where appropriate, the remoteness of the Rickshaw/Carts final destination and the absence of heavy handling facilities at all points in transit.
- 3.1.2. The packing, making and documentation within and outside the packages shall comply strictly with such special requirements as shall be provided for in the Agreement.

4. Delivery Documentation of E- Rickshaw/Carts and Delay in the Supplier's Performance

- 7.1 Supplier shall intimate to the Purchaser that the Rickshaw/Carts are ready for inspection and test. After receipt of such intimation from the Supplier, the Purchaser will arrange the inspection and test of the Rickshaw/Carts
- 7.2 Upon delivery of the Rickshaw/Carts the Supplier shall notify in writing the Purchaser and the insurance company the full details of the delivery including purchase order number,

description of Rickshaw/Cart quantity, name of the consignee etc. The Supplier shall mail the following documents to the Purchaser:-

- (a) 3 copies of the Supplier's invoice showing E Rickshaw/Cart description, quantity, unit price, total amount.
 - (b) Delivery challans duly signed & stamped by the consignee i.e. by the representatives of project sites.
 - (c) Manufacturers/Supplier's warranty certificate;
 - (d) Rickshaw/Carts inspection report.
- 7.3 If, at any time, during performance of the Contract the Supplier should encounter conditions impeding timely delivery of the Rickshaw/Carts and performance of Services, the Supplier shall promptly notify the Purchaser in writing of the fact of the delay, its likely duration and its cause(s) as soon as possible. After receipt of the Supplier's notice, the Purchaser shall evaluate the situation and may, at its discretion, extend the Supplier's time for performance with or without liquidated damages, in which case the extension shall be ratified by the parties by amendment of the Purchase order.

5. Incidental Services

The following services shall be furnished and the cost shall be included in the Contract rates:

- (a) On-site delivery & satisfactory installation & execution of all the Rickshaw/Carts as per purchase order;
- (b) Furnishing all the manuals as per purchase order to the project sites and
- (c) Maintenance and repair of the Rickshaw/Carts at each location during the comprehensive warranty period including the cost of all spares.

6. Spare Parts

Supplier shall carry sufficient inventories to assure ex-stock availability of spares. Supplier shall ensure the availability of all spare parts for after sale service support for a period of complete Service period. At the end of Service Period the Supplier shall stock at least spares required for maintenance for next two years before hand over of the Service Centre.

7. Construction of Charging Centre/ Service Station

Bidder has to design the Charging station cum service station suitable to meet the number of Rickshaws /Carts that are procured and get the same vetted by the project management consultants and KSCCL. Possibility of using solar power shall be checked by the bidder and alternatives have to be suggested by the bidder. The final design that has to be constructed shall be approved by KSCCL, upon submission of the design by the supplier and the power supply to the charging station will be facilitated by Kakinada Municipal Corporation (KMC).

7.1. The Supplier shall be bound to established charging and servicing centre within 30 days from the date of the work order as per following criteria:-

- BATTERY CHARGING CENTRE for E- Rickshaw/Cart supplier shall provide Battery Charging Instrument at the place provided by Kakinada Municipal Corporation (KMC) at selected petrol pump and bus stands

1	Kakinada Municipal Corporation (KMC)	Preferably 4 Centre according to no. of beneficiary and capacity of service centre in KMC in various specified places where Rickshaw/Carts are being supplied.
---	--------------------------------------	--

- 7.2. Bidder has to construct the Service center and Charging centers and maintain for 3 years and handover the same to KSCCL after maintenance period is over. If at any stage, it is found that the centres have not been opened or non functional or have been closed down, then the Bid Security/ Performance Bank Guarantee shall be forfeited. The period will be extended further as mutually agreed terms and conditions.
- 7.3. The actual rate of charging of the batteries of E-Rickshaw/Cart shall be determined and timely reviewed by a committee constituted by KSCCL. This will be obligatory for E-Rickshaw/Cart provider companies.
- 7.4. This charging centre has to be provided with aesthetically good looking, also serve as charging station with facilities like resting place for customers during charging or servicing and entire cost has to be quoted in part 3 of Financial Bid
- 7.5. The bidder has to maintain man power for 2 shifts and necessary costing shall be assessed by bidder, which can be recovered from service and charging cost from customers. The bidder shall discuss and get the acceptance from KSCCL for the price. Any changes shall also be with the acceptance of KSCCL only.
- 7.6. KMC/KSCCL will provide free power and water for charging stations.

8. Operation of Service cum Charging Station

A. Following minimum staff for operating one servicing cum charging stations for 3 years by Bidder and the staff deployed by bidder shall be first vetted by KSCCL.

(a) Service Engineer -1 No

Should be a graduate in mechanical/ electrical engineer with 10 years' experience in maintenance of Any servicing center like Cars/ Bikes, E-Rickshaws and E-Carts and Servicing and charging stations. Preference will be given for E-Rickshaw maintenance.

(b) Mechanic / Technician – 2Nos

Should be a graduate in mechanical/ electrical engineer with 5 years' experience in maintenance of Any servicing center like Cars/ Bikes, E-Rickshaws and E-Carts and Servicing and charging stations. Preference will be given for E-Rickshaw maintenance.

(c) Helpers – 3Nos

The cost recovery of service station operation and maintenance shall be recovered from the charging rates and repairs (during warranty period the normal repair charges is not applicable. Only repairs of accidental cases or any such unnatural repairs may be entertained in the first year).

B. Notes for Bidding

- ❖ Bidder has to train the KSCCL / KMC appointed manpower for repairs/ operations and maintenance.
- ❖ The bidder has to maintain sufficient quantity of spares for maintenance of the vehicle.
- ❖ If the bidder fails to maintain/satisfy above requirements PBG will be forfeited.

B. Specifications

[For four seater E Rickshaw/Cart(excluding driver seat)]

A. Specifications of the 4-Seater E-Rickshaw

Four-Seater E-Rickshaw with a loading capacity of 380 kg (fourpassengers,Driverand40kgluggage),speed range of more than 25 kmph, minimum range of 80 km per charging, Minimum speed of 5 kmph at a gradient of 3 degree and with starting and moving capability at 7 degree gradient, driven by brushless AC or DC motor motor of output power 8502 W or above but not more that 2000 W, driven from a EV grade battery of 100 Ah or or As Approved by ICAT or ARAI, Confirming to the Ministry of Road Transport and Highway GSR No. 709 (E) dated 8 October 2014 and Notification No. S.O. 2590 (E) dated 8 October 2014 and also the additional tests specified elsewhere in this document.

E. Other Requirements of the E- Rickshaw/ Cart

i. Type of Motor:

The motor shall be of “Brushless Type” specifically designed for electric vehicles. These brushless type motors can be of DC or AC type having high efficiencies at the rated output power delivered. These motors shall meet the relevant applicable available test standards of the Government of India approved test centers for automobiles (like ARAI, ICAT, etc.).

ii. Motor Controller and the Power Supply System:

The motor controller shall be capable of controlling the motor from start to maximum speed with no load to full load and also for slight overloads of 20% over and above the rated full load for shorter durations. They shall be able to continuously drive the motor once started with the full load with maximum speed for the full declared range of the vehicle. The controllers shall be stable, robust and shall be capable of operating at all the conditions normally encompassed by the automobiles. The motor controllers used shall meet the relevant applicable available test standards of the Government of India approved test centers for automobiles (like ARAI, ICAT, etc.)

The power supply system to the motor from the storage battery which includes the dc/dc converter, and the motor driving circuit which may be a dc converter or an inverter as the case may be for the type of motor, along with the controller shall also meet the relevant applicable available test standards of the Government of India approved test centers for automobiles (like ARAI, ICAT, etc.). The efficiency of the power supply system which includes the dc/dc converter, and the motor driving circuit which may be a DC converter or an inverter as the case may be for the type of motor used (calculate as the input power at the motor terminals divided by the output power at the battery terminals) shall not be less than 95% when the motor is delivering the rated output power to its shaft.

iii. Storage Battery:

As the electric Rickshaw/Cart is supposed to have frequent start-stop operations, and also varying speed and varying load operations, the battery used shall be able to survive these frequent variations. It shall be capable of supplying electric power as per the requirements and specifications of the vehicle for meeting its travel for the full range with full load. Therefore, the battery used shall be of lead-acid or better type, and shall be EV grade tubular deep discharge type with high cycle life. The batteries used in the electric Rickshaw/E-Carts shall meet the relevant applicable available test standards of the Government of India approved test centers for automobiles (like ARAI, ICAT, etc.).

iv. Mechanical Power Transmission:

The mechanical power transmission from the motor shaft to the wheels shall be highly efficient. The direct mounting, or chain and sprocket or any other mechanical arrangement shall be highly reliable needing least maintenance and shall be tested for all its maneuvers to be able to meet the electric Rickshaw/E Cart requirements of frequent start, stop and gradient climbing, etc apart from its normal running with full load and full speed. The mechanical power transmission system used in the electric Rickshaw/E Cart shall meet the relevant applicable test standards of the Government of India approved test centers for automobiles (like ARAI, ICAT, etc.).

v. Overall Rickshaw/Cart Design:

The overall electric Rickshaw/E Cart design shall meet all the requirements of safety (of the vehicle, safety of passengers and luggage and the driver), reliability, repeatability, efficiency, strength, smoothness in riding, passenger comfort in climbing/entering the Rickshaw/Cart, sitting at steady state and during the ride, getting down from the Rickshaw/Cart, keeping the luggage, etc. The Rickshaw/Cart shall not be noisy to cause discomfort for the passengers/Surrounding Environment. It should have sufficient precautions not to have any electric shock for the passengers as well as the driver. It should have the proper control and instrument panel to indicate the speed, state of charge of the battery (or the remaining charge or kilometers it can run), etc. It should have sufficient braking system, suspension system, start and stop buttons, key, front and back lights with parking lights too, power supply system for these auxiliaries, and proper covered battery compartment not to cause any problem for the passengers, etc. The electric cycle Rickshaw/Cart should have the certification from any of the Government of India approved testing centers such as ARAI, ICAT, etc, so as satisfy the required performance of the electric Rickshaw/Cart as a whole and also all the main components used in it such as the motor, battery, motor controller, mechanical power transmission system, its body, other auxiliary systems such as brakes, lighting and control, etc. and the overall safety. The Rickshaw/Cart has to be fabricated with good quality steel properly plated/painted to avoid rusting for more than five years. The body shall be of good quality metal, and the roof shall be of fiber glass or a combination of fiber glass and metal of good quality. The seats have to be of very good quality with proper cushioning provided. There shall be sufficient number of handles to ease passenger entry and ride. It shall have sufficient height and shall be giving proper protection to the passengers from the direct sun light and rain. The vehicle integration, packaging of electrical and electronic wires and devices shall be such that the Rickshaw/Cart can run even in rainy season/during the rain without any problems.

vi. Supplier/Manufacturer Conditions:

The supplier of the E-Rickshaw/Cart shall preferably an original manufacturer/ Authorized Reseller of Motor/Battery Operated Electric Rickshaw/Cart. The supplier shall not be a trader/importer or simply an assembler for various components. The supplier shall have the facility and capability for the design, fabrication, assembly and testing of the offered E-Rickshaw/Carts. The supplier can use the motors, controllers, batteries and battery charges procured preferably from various reliable and quality sources. All these components have to be tested at the supplier's site independently before assembling into the E-Rickshaw/Carts. The supplier shall be capable of providing reliable and economical after-sales service including provision of spares for all components used. It will be the responsibility of the supplier of the E-Rickshaw/Carts to get all the components used in the electric Rickshaw/Cart and

also the electric Rickshaw/Cart as a whole to be tested by the Government of India approved testing centres such as ARAI, ICAT, etc.

F. Specifications of the Service Centre cum charging centre

The Service Centre cum charging centre being built should be of highest standard with latest technology used for repair and servicing

The Charging/ Service Centre should have the following minimum facilities. The facilities listed is not exhaustive but indicative

- I. Service staff Charging station with facility to Simultaneous Charge at least 5 vehicles
- II. Open space for sufficient parking of vehicles coming for repair and repaired vehicles
- III. Closed space for washing of vehicles including sump and over head tank for water storage
- IV. Closed space for repair and service of vehicles
- V. Closed Space for store and spares room capable of storing spares for running 6 months
- VI. Beneficiary waiting/ sitting area with drinking water facility
- VII. Record/ Accounts room
- VIII. Toilets
- IX. G.I sheet roof structure shall be constructed by the successful bidder whose area shall not be less than 500 sq.m

The facilities listed are not exhaustive but indicative.

The Charging/ Service Centre should have the following minimum specifications. The Charging/ Service Centre should be design and built as per latest version of Indian Standards/ National Building Codes.

- i. The Charging/ Service Centre should have a boundary wall of minimum 1.5m height with MS gate of required length
- ii. The Charging/ Service Centre should be building should be-
 - a. Foundation of building in concrete with plinth height of 600mm above the abutting road
 - b. Super structure in Steel (including columns and truss) with GI profiled colour roof sheets. Columns to be concealed.
 - c. Walls in red brick plastered with cement mortar both inside and outside
 - d. False ceiling
 - e. Cement concrete vacuum dewatered flooring in covered areas
 - f. All opening like doors and windows in uPVC and rolling shutters and grills in steel.
 - g. Enamel painting to all exposed steel structures and Oil bound distemper to all concrete/ wall surfaces
 - h. All departments in the Charging/ Service centre should be clearly demarcated with paints in floor and name plates on wall/ doors.
 - i. Underground Sump and Over head tank in Reinforced Cement Concrete
 - j. Toilets/ Wash room/ locker room of staff as per NBC norms.
 - k. Small waste water treatment plant to treat waste water coming from the service centre and toilets and wash room.

- l. Electrification of the centre with Concealed wiring in administration rooms while exposed on cable trays in the service centre with adequate lighting and fans where required.
- m. Necessary power and water supply arrangements shall be made
- n. All internal electrification and plumbing should be done by the bidder
- o. KMC WILL ALLOT Rent free site for establishing service station for a period of 3 years including warranty period of 1 year after completing the entire supply.

C. Delivery time & Date of Completion

1. Delivery Period: The supply and delivery of E- Rickshaws should be completed within 180 days from the date of issue of Work order
2. Service Period: The Charging and Service stations should be maintained for a period of 3 years from the date of receipt of Delivery completion certificate from the Purchaser. The Date of Completion will be reckoned as the last day of the 3 years of maintenance of Charging and Service stations.
3. The total period of completion of the contract is 3 years 180 days.
