1. INTRODUCTION AND PROJECT BACKGROUND

1.1. About Vishakhapatnam

Vishakhapatnam, popularly known as Vizag, is Andhra Pradesh's largest city, both in terms of population and economy. Vizag is a port city. It is the largest city in the state of Andhra Pradesh and the 3rd largest on east coast of India after Chennai and Kolkata. Vizag is often called "The Jewel of the East Coast". The city is nestled among the hills of the Eastern Ghats and faces the Bay of Bengal on the east. It has the only natural harbour on the east coast of the country.

Visakhapatnam is the administrative capital of the district of the same name (Visakhapatnam district) in Andhra Pradesh and is the headquarters of the Eastern Naval Command of Indian Navy. It is a multi-faceted city. Visakhapatnam Port, one of the largest ports in the country is also its fifth busiest sea port.

The city is a popular tourist destination and is known for its lush pristine beaches, gentle hillocks and thriving flora and fauna.

1.2. Overview of Street Vending in Visakhapatnam

The Greater Visakhapatnam Municipal Corporation (GVMC) has identified and registered 12,733 street vendors within its limits. Other sources claim that approximately 18,000 to 20,000 street vendors are operating in Vizag.

GVMC conducted a pilot street vending study in its Zone-2 area with the intention of mapping the street vendors' locations, collecting their data and identifying suitable places for creation of vending zones. Some of the key findings of the study are furnished below:

- Akkayyapalem main road, Sitammadhara main road, MVP rythu bazaar road have high vending activities with a density of above 10 per 100m, Shankaramatam, Sitammadhara, MVP main road, Chinna-Walter main road, National Highway, Krishna college road, Bullayya college road and NRI hospital road had moderate density between 3-7 per 100m. Remaining roads such as MVP double road, Adarshnagar road, Beach road, HB colony main road, Ramatalkies road, and Railway station road has low vending activity with density of less than 3 per 100m.
 - Beach road has hot spots with very high vending concentration, such as R.K. Beach and opposite YMCA.
 - Male vendors account for 73% of the hawkers in Zone-2. The rest (27%) female vendors.
 - 87% of the vendors are Static, while 13% is mobile.
 - In terms of the goods sold, fruits and vegetables accounted for over 36% of the total vendors, Food and Beverage vendors for over 34% and other vendors including florists, cobblers etc. for the remaining number of vendors.
-

- In terms of mode or equipment used for vending, majority of the hawkers use trolleys (over 71%) while a few (18%) have adopted on ground vending.

1.3. About Greater Visakhapatnam Municipal Corporation

Visakhapatnam is one of the earliest municipalities of Andhra Pradesh. The Vizag (Visakhapatnam) Municipality was set up as early as in 1858, in order to full fill the basic infrastructural needs of the people of the city. The Vizag Municipality grew in its Municipal limits due to incorporation of new areas and was converted to a Municipal Corporation in the year 1979.

The areas of the erstwhile Visakhapatnam Municipal Corporation along with the Gajuwaka Municipality and 32 villages (includes few Panchayats) were converged to

form the Greater Visakhapatnam Municipal Corporation (GVMC) through a Government of Andhra Pradesh Order on November 21, 2005.

The Greater Visakhapatnam Municipal Corporation's (GVMC) limits are spread across 625sq.km and include 72 Wards. According to 2011 census, the City's population is around 1.9 million.

1.4. Visakhapatnam Smart City

With the India Smart Cities Challenge, the Government of India took the first step towards realising its vision of building 100 smart cities in the country. As part of the India Smart Cities Challenge, Visakhapatnam is one of the cities that were selected amongst top 20, in a nationwide competition between 100 cities (ranked 8th).

The Smart City Plan for Vizag revolves around the vision of creating - "**A Resilient and Healthy Metropolis for People**". The city of destiny is envisioned to become a leader in sustainability, healthy living, equality and innovation.

Vizag is now working on an implementation plan to convert the Smart City Proposal (SCP) ideas into reality, beginning with retrofitting a designated area within the city known as the Area Based Development (ABD) that will catalyse future scalability to entire city. The ABD is around 6sq.km in area and has a population of around 80,000.

Vizag is envisioned to be the most healthy and liveable city in India by 2030 (Strategic focus and blueprint of Vizag Smart City Proposal). Such a strategic focus for Vizag will ensure that it becomes a benchmark city in the country where economic development and healthy living can co-exist. Aligning with the Smart City Vision, Vizag will also focus on managing its environment (for example air quality), safety of its citizens especially making streets safe for all.

The Greater Visakhapatnam Smart City Corporation Limited has taken up several projects for implementation and creating smart vending zones is one such project. The focus of this EOI is developing Smart vending zones in the ABD region as well as in areas outside the ABD, such as the MVP colony.

1.5. Greater Visakhapatnam Smart City Corporation Limited

A Special Purpose Vehicle (SPV) was incorporated with the name "Greater Visakhapatnam Smart City Corporation Limited" (GVSCCL) on 11th March 2016, in order to implement the projects proposed under the SCP.

1.6. Authority issuing Invitation for EOI

The Greater Visakhapatnam Smart City Corporation Limited (the Authority) wishes to develop smart vending zones in the ABD of Visakhapatnam and MVP Colony (the Project) on Public Private Partnership (PPP) basis. The smart vending solutions are expected to be aesthetic, sleek, universally accessible, technologically enabled, citizen and environment friendly.

The envisaged mode of implementation of the project under PPP basis.

The EOI intends to provide basic background and details with respect to scope of services that are deemed to be provided by the Private Partner. Selected respondents may be thereafter invited to submit bids at the RFQ cum RFP stage. The Authority reserves the right to reject any or all the EOIs received without assigning any reason.

Point of contact for any queries related to the EOI:

Mr. Vishal Kundra

AECOM INDIA PRIVATE LIMITED

Telephone/Mobile: +91-9717716600

E- Mail: vishal.kundra@aecom.com

All interested respondents are expected to read carefully all instructions, forms, terms and conditions and other details in the EOI. Failure to furnish the complete information requested or submission of a proposal that is not responsive to the EOI in all respects may lead to rejection of the proposal.

1.7. The Project

Visakhapatnam wishes to emerge as a healthy & liveable city as well as a vibrant city. In line with this vision, smart vending zones are being proposed in the ABD as well as in the MVP colony of the city, in order to avoid haphazard commercial activity that results in congestion and unhealthy conditions. Annexure I illustrates the ABD and MVP Colony of Visakhapatnam in the context of GVMC's limits. The proposed locations of the smart vending zones in MVP Colony are illustrated in Annexure II and in ABD in Annexure III.

The city is focussed on creating pedestrian friendly public spaces that are pollution free, safe, and have all the conveniences needed to promote a vibrant public life. Clutter free streets with proposed dedicated hawker zones are expected to ensure safe streets and enhanced walking areas.

The city has also adopted an equitable perspective and wishes to provide opportunities to the otherwise marginalized groups. By planning Economic activities along the designated spots such as dedicated on-street retail vending zones, the city aims to enhance footfalls, attract investors and improve the livelihoods of street vendors. Additionally, the city aims at ensuring that the exiting vendors are completely engaged in this process, not lose their livelihood and benefit from the proposed smart vending zones project.

Street vending provides livelihood to the impoverished and marginalized sections of the society. It offers an opportunity of steady income and livelihood to impoverished migrants to the city and laid-off workers. To the consumers, especially to the working class and even the middle class, it offers not just cheap and affordable retail options at convenient locations, but also a great variety in terms of goods sold such as cooked food, fruit and vegetables, clothing, toys, books, household utilities, daily needs etc.

The city intends to serve as a test bed for innovative solutions that fulfil the city's objectives of transforming itself into a healthy, liveable, vibrant, safe, dynamic and equitable city. In line with its vision, the city now invites interested parties to express interest in developing Smart Vending Zones in ABD and MVP colony of the city. The proposals from interested parties are expected to comprise of innovative solutions that not only enhance the working conditions and livelihoods of street vendors, but also the consumers' experience through unique, innovative, aspirational and user-friendly technology solutions in the public realm. The smart vending zones are envisioned to become a true pride of Vizag, through its locational settings, diverse offerings and positioning.

1.8. Project Objectives

Developing smart vending zones was conceptualized with the following objectives:

- Improving the working conditions of street vendors.
 - Providing opportunities for the marginalized sections of the society and disadvantaged enterprises i.e. street vendors, to participate and economically benefit from the transformation of Visakhapatnam into a smart city.
 - De-cluttering the streets in ABD and MVP colony of Visakhapatnam and promoting walkability in the above mentioned areas of the city.
 - Enhancing the aesthetics and vibrancy of the city through organizing the haphazard street vending activities.
 - Employing the private sector enterprise in organizing an informal sector of urban economy.
 - Providing vending rights in a dedicated space to the vendors and thereby increasing the vendors' accountability towards the space and its surroundings, ultimately leading to the vendors maintaining hygiene.
 - Optimizing revenues for the vendors, the private partner as well as the Authority.
 - Enhancing the consumers' experience, through appealing, innovative and planned vending concepts.
-

2. SCOPE

The private partner whosoever that will be selected for implementing the Project is expected to Design, Develop, Finance, Operate & Maintain during the concession period and Transfer to the Authority upon the completion of the concession period, smartvending zones in the ABD and MVP Colony areas of Visakhapatnam. The following section explains the expectation of Authority from the private partner in order to meet the project objectives.

2.1 Likely Activities to be performed by the Private Partner

- The private partner is required to develop an overall tenant concept, merchandising, leasing plan and list of vendors to be accommodated for the smart vending zones identified and implement the plan after it is approved by the Authority. Such plans, concepts and lists are subject to approval of the Authority.
 - The private partner is required to study, prepare, design and develop a detailed layout plan and a road map for each of the vending zones identified, after studying the existing site conditions and services available. The layout plan may include architectural, landscape, interiors, structural, MEPF services, ICT/IT services, signage systems and other allied works. The layout plan and the road map are subject to written approval by the Authority.
 - The private partner is expected to design and develop the smart vending zones by bringing in an appealing urban language and incorporate international level standards to provide a pleasing ambience that is in line with global trends. The private partner should specifically follow fire related norms in the vending zones.
 - The private partner should ensure that the designs and construction meet the Authority's standards, and obtain the Authority's approval for the same. The design and layout should be of universal accessible design.
 - The private partner is expected to design, develop and maintain the vending zones in such a manner that their overall impact is creation of an enhanced customer experience that is unique, innovative, aspirational and engaging.
 - The private partner shall ensure that the layout of individual smartvending zones are designed and developed will have optimum space utilization and the concept/s developed for the individual hawking spaces shall have roof for weather protection. The individual hawking space should have clear visibility of vehicular traffic on the street. The structures, surfaces and finishes of the concepts for individual hawking spaces should be easy to maintain.
 - The vending zones as well as the individual hawking spaces must facilitate smooth pedestrian movement, circulation, adequate queuing/spill over spaces and visibility of critical information. In case of an emergency the design should be such that it easily facilitates smooth and organized pedestrian/customer flow and adoption of crowd control/dispersing measures. The private partner shall ensure that individual hawking spaces, wherever required to, are equipped with appropriate smoke ventilation equipment.
-

- The private partner shall obtain the prescribed Licenses and Registrations for developing and operating & maintaining the vending zones.
 - The private partner shall be responsible for its renovation, maintenance and up-keep of the vending zones during the concession period.
 - The private partner is required to keep the premises in a clean and tidy condition and open to inspection to the satisfaction of the officers of the Authority or its representatives.
 - The private partner is expected to allocate as much space, and to only as many vendors and offerings as can be financially viable and profitable to the vendors.
 - The private partner is expected to include smart components in the Project, such as the provision of Wi-Fi hotspots, digital money transactions or similar in the smart vending zones. Further, from the perspective of safety and surveillance, the private partner is expected to install CCTV or ensure that CCTV is installed in relevant locations through other projects envisioned under Visakhapatnam Smart City in each of the vending zones (The respondents may propose more smart solutions to be integrated into the Project, such as smart poles, digital money etc., in addition to components included in this EOI).
 - The private partner is required to use the premises for the purpose for which the space is allotted, and for no other purpose, whatsoever. The private partner shall use the sites at locations identified for the sole purpose of developing, operating, marketing and maintaining Smart Vending Zones. Further, the private partner is required to bear all expenses towards the operation and maintenance of the vending zones developed by it.
 - The private partner is permitted to display any advertisement within the vending zone in order to achieve better financial viability in the Project. However, such advertisements should not be repugnant to the general standards of morality. Objectionable material display will not be permitted. The Authority also reserves the right not to allow any advertisement of certain commodities. The advertisements displayed shall be of international standards and befitting Visakhapatnam's image as a smart city.
 - The private partner may design advertisement spaces at his own cost, within the vending zones.
 - The private partner is expected to procure all materials for advertisement at its own cost. The material used should be such that it enhances the aesthetics of the vending zones.
 - The private partner is required to participate in promotional and publicity programs of the city that are undertaken by the Authority, in public interest, from time to time.
 - The private partner will be required to design and develop the smart vending zones including all common area and back of house common use equipment including, but not limited to tray washing machines (if common trays are used), multi-compartment sinks, and trash bins. The private partner, if it desires
-

to, may assume responsibilities for interiors such as shelving, counters, interior design, cooking equipment, interior seating and utility hook-ups to the wires and conduits etc. Notwithstanding the foregoing, however, the private partner has the ultimate responsibility for ensuring that all locations are open and operating in a first-class manner on the vending zone opening date.

- The private operator, its employees and individual vendors are ambassadors of the Visakhapatnam smart city. Also, one of the objectives of the Authority is to provide exemplary customer service to the citizens of Visakhapatnam.
 - The private partner will have the right, but not the obligation, to finance, if necessary, the development of vending operations in the vending zones. The Authority shall not be a party to such financing arrangements.
 - The private partner shall design the layout of smart vending zones such that they are flexible to accommodate mobile equipment such as open carts to sell/serve merchandize/food & beverage during food festivals, street carnivals and such other events.
 - The private partner may be required to provide information or plug-in to the Authority's system or any other system mandated by the Authority such as that of AP Tourism Development Corporation.
 - The private partner shall use the spaces available in vending zones for the sole purpose of developing, operating and maintaining the smart vending zones, and in accordance with the good industry practices.
-

3. THE EXPRESSION OF INTEREST

This is an invitation for Expression of Interest and not a RFP document. To invite for an Eol is should not be construed as an offer and does not carry any commitment from the Authority to engage a private partner who submits a proposal or any other commitment related thereto. The Authority reserves the right to withdraw this Eol and change or vary any part thereof at any stage of the bidding process.

3.1 Objective of the EOI

The objective of this EOI is to identify the prospective applicants for developing dedicated SmartVending Zones in the ABD and the MVP colony of Visakhapatnam. Based on the responses to this invite for Eol, the Authority may float an open RFP or to the respondents to this invite for Eol.

This document also intends to provide a brief description of the project, the desired intent, tentatively identified locations for the project and the scope of services expected from the private partner.

3.2 Eligibility

- a) The invitation is open to all entities that are companies registered under Companies Act, 1956 or 2013 or its equivalent or under Limited Liability Partnership Act, 2008 or its equivalent, or Societies Registration Act or equivalent; or registered as a Trust; or registered by the Registrar of Firms or equivalent; or a proprietary firm.
 - b) The respondents may be an independent single entity or a joint venture or a consortium/association of entities;
 - c) In the case of a joint venture/consortium the name of the entity that is the “Lead Partner/Lead Member” should be clearly stated in the EOI.
 - d) The number of entities in a joint venture/consortium/association is limited to 3 (Three).
 - e) The respondent (single independent entity or any partner/member of a joint venture/association/consortium) should not have been blacklisted/debarred by any donor agency/State Government/Central Government or its agencies in India or abroad and if blacklisted/debarred for a particular time, such bar (blacklisted/debarred) should not be applicable as on the date of submission of the EOI.
 - f) The single independent entity or the lead partner of a joint venture or the lead member of a consortium should have a net worth of not less than Indian Rupees 2 Crores (Two Crores) or United States Dollars 300,000 (Three Hundred Thousand) or equivalent in the last financial year preceding the submission date (Certificate from the statutory auditor of the entity or a chartered accountant/certified public accountant or equivalent stating the net worth of the entity should be submitted).
-

3.3 Invitation of EOI Conditions

- a) This EOI is not an offer and does not carry any commitment to engage a private partner who submits the same or any other commitment related thereto.
 - b) The Authority reserves the right to withdraw this EOI and change or vary any part thereof at any stage if the Authority feels that such action is in the best interest of the Project.
 - c) Timing and sequence of events resulting from this EOI shall ultimately be determined by the Authority.
 - d) Each interested single independent entity, any partner in case of a joint venture or any member in case of an association/consortium shall submit only one EOI.
 - e) For all the EOIs received before the last date and time prescribed for submission, the proposals and accompanying documentation will become the property of Authority and will not be returned after opening of the proposals. Authority shall not be bound by any language in the proposal indicating the confidentiality of the proposal or any other restriction on its use or disclosure. Authority is not restricted in its rights to use or disclose any or all of the information contained in the proposal and can do so without compensation to the respondents who have submitted their EOIs.
 - f) The respondent shall ensure that the proposal is complete in all respects and conforms to all requirements indicated in this invite document.
 - g) By submitting an EOI, each respondent who shall be deemed to acknowledge that it has carefully read all sections of this invite for EOI, including all terms & conditions, and annexure/s hereto, obtained all relevant information about the Project and has fully informed itself about all existing conditions and limitations. The Authority shall not be liable for any mistake or error on the part of the respondent in respect of the above.
 - h) The respondents shall be responsible for all of the costs associated with the preparation of the proposal and their participation in the selection process. The Authority will not be responsible or in any way liable for such costs, regardless of the conduct or outcome of the selection process.
 - i) The respondents shall visit and examine the proposed locations for the smart vending zones and obtain for themselves, at their own responsibility, all the information and data that may be necessary for submission of the proposal. The smart vending related information, which has been provided in this invite document, is intended to guide the respondents in preparing their proposal only. The Authority shall not stand guarantee for and shall not be held responsible for the veracity of the data/information which have been made available in this document.
 - j) The costs of visiting the proposed locations, and undertaking any further studies and investigations shall be at the respondent's own expense. The respondent and any of his personnel or agents can visit the proposed locations.
-

- k) The proposal and all correspondence and documents shall be written in English language.

3.4 Response Requirements

- a) The EOI shall be in accordance with the requirements specified herein in this document for EOI and in the format prescribed in this document.
- b) Proposals must be direct, concise, and complete. Respondent is expected to provide only the relevant information in the EOI. Responsiveness to EOI carries more weight.
- c) The EOI shall be submitted as follows:
- Physical Submission: Two printed copies of the entire proposal, one marked ORIGINAL and the second one as DUPLICATE and a soft copy on non-rewriteable electronic storage media with all the contents of the EOI.

or

Electronic/Online Submission: The scanned copy of the original proposal shall be uploaded on website www.a procurement.gov.in. Respondents may also submit their proposals via electronic mail to visakhapatnamsmartcity@gmail.com and mark a copy to vishal.kundra@aecom.com, before the last date for submission of EOI online mentioned under Key Dates section of this document.

- If any discrepancy found between physical submission and the electronic submission, electronic submission shall prevail and will be considered as the proposal for the purpose of evaluation.
- The proposal should be appropriately referenced.
- The Authority will not accept delivery of proposal in any manner other than that specified in this EOI. Proposals delivered in any other manner shall be treated as invalid and rejected.

3.5 Submission of EOI

Interested entities who meet the eligibility conditions set forth in this document, may furnish their Expression of Interest (EOI) with all the necessary documents in a sealed envelope super-scribed “**Eoi for Designing, Developing, Financing and Operating & Maintaining of SmartVending Zones on PPP Basis under implementation of the Smart City Mission for Visakhapatnam**” along with a **Letter of Submission** duly signed by an authorised signatory on or before as per key dates to the following address and obtain acknowledgement of submission for the same:

Managing Director

Greater Visakhapatnam Smart City Corporation Limited
C/o Greater Visakhapatnam Municipal Corporation,
Room No. 306, Tennai Bhavan, Asilmetta Junction,

VISAKHAPATNAM530002, Andhra Pradesh. India.

E-mail: visakhapatnamsmartcity@gmail.com

Tel No./Fax 0891-2746300

Note:

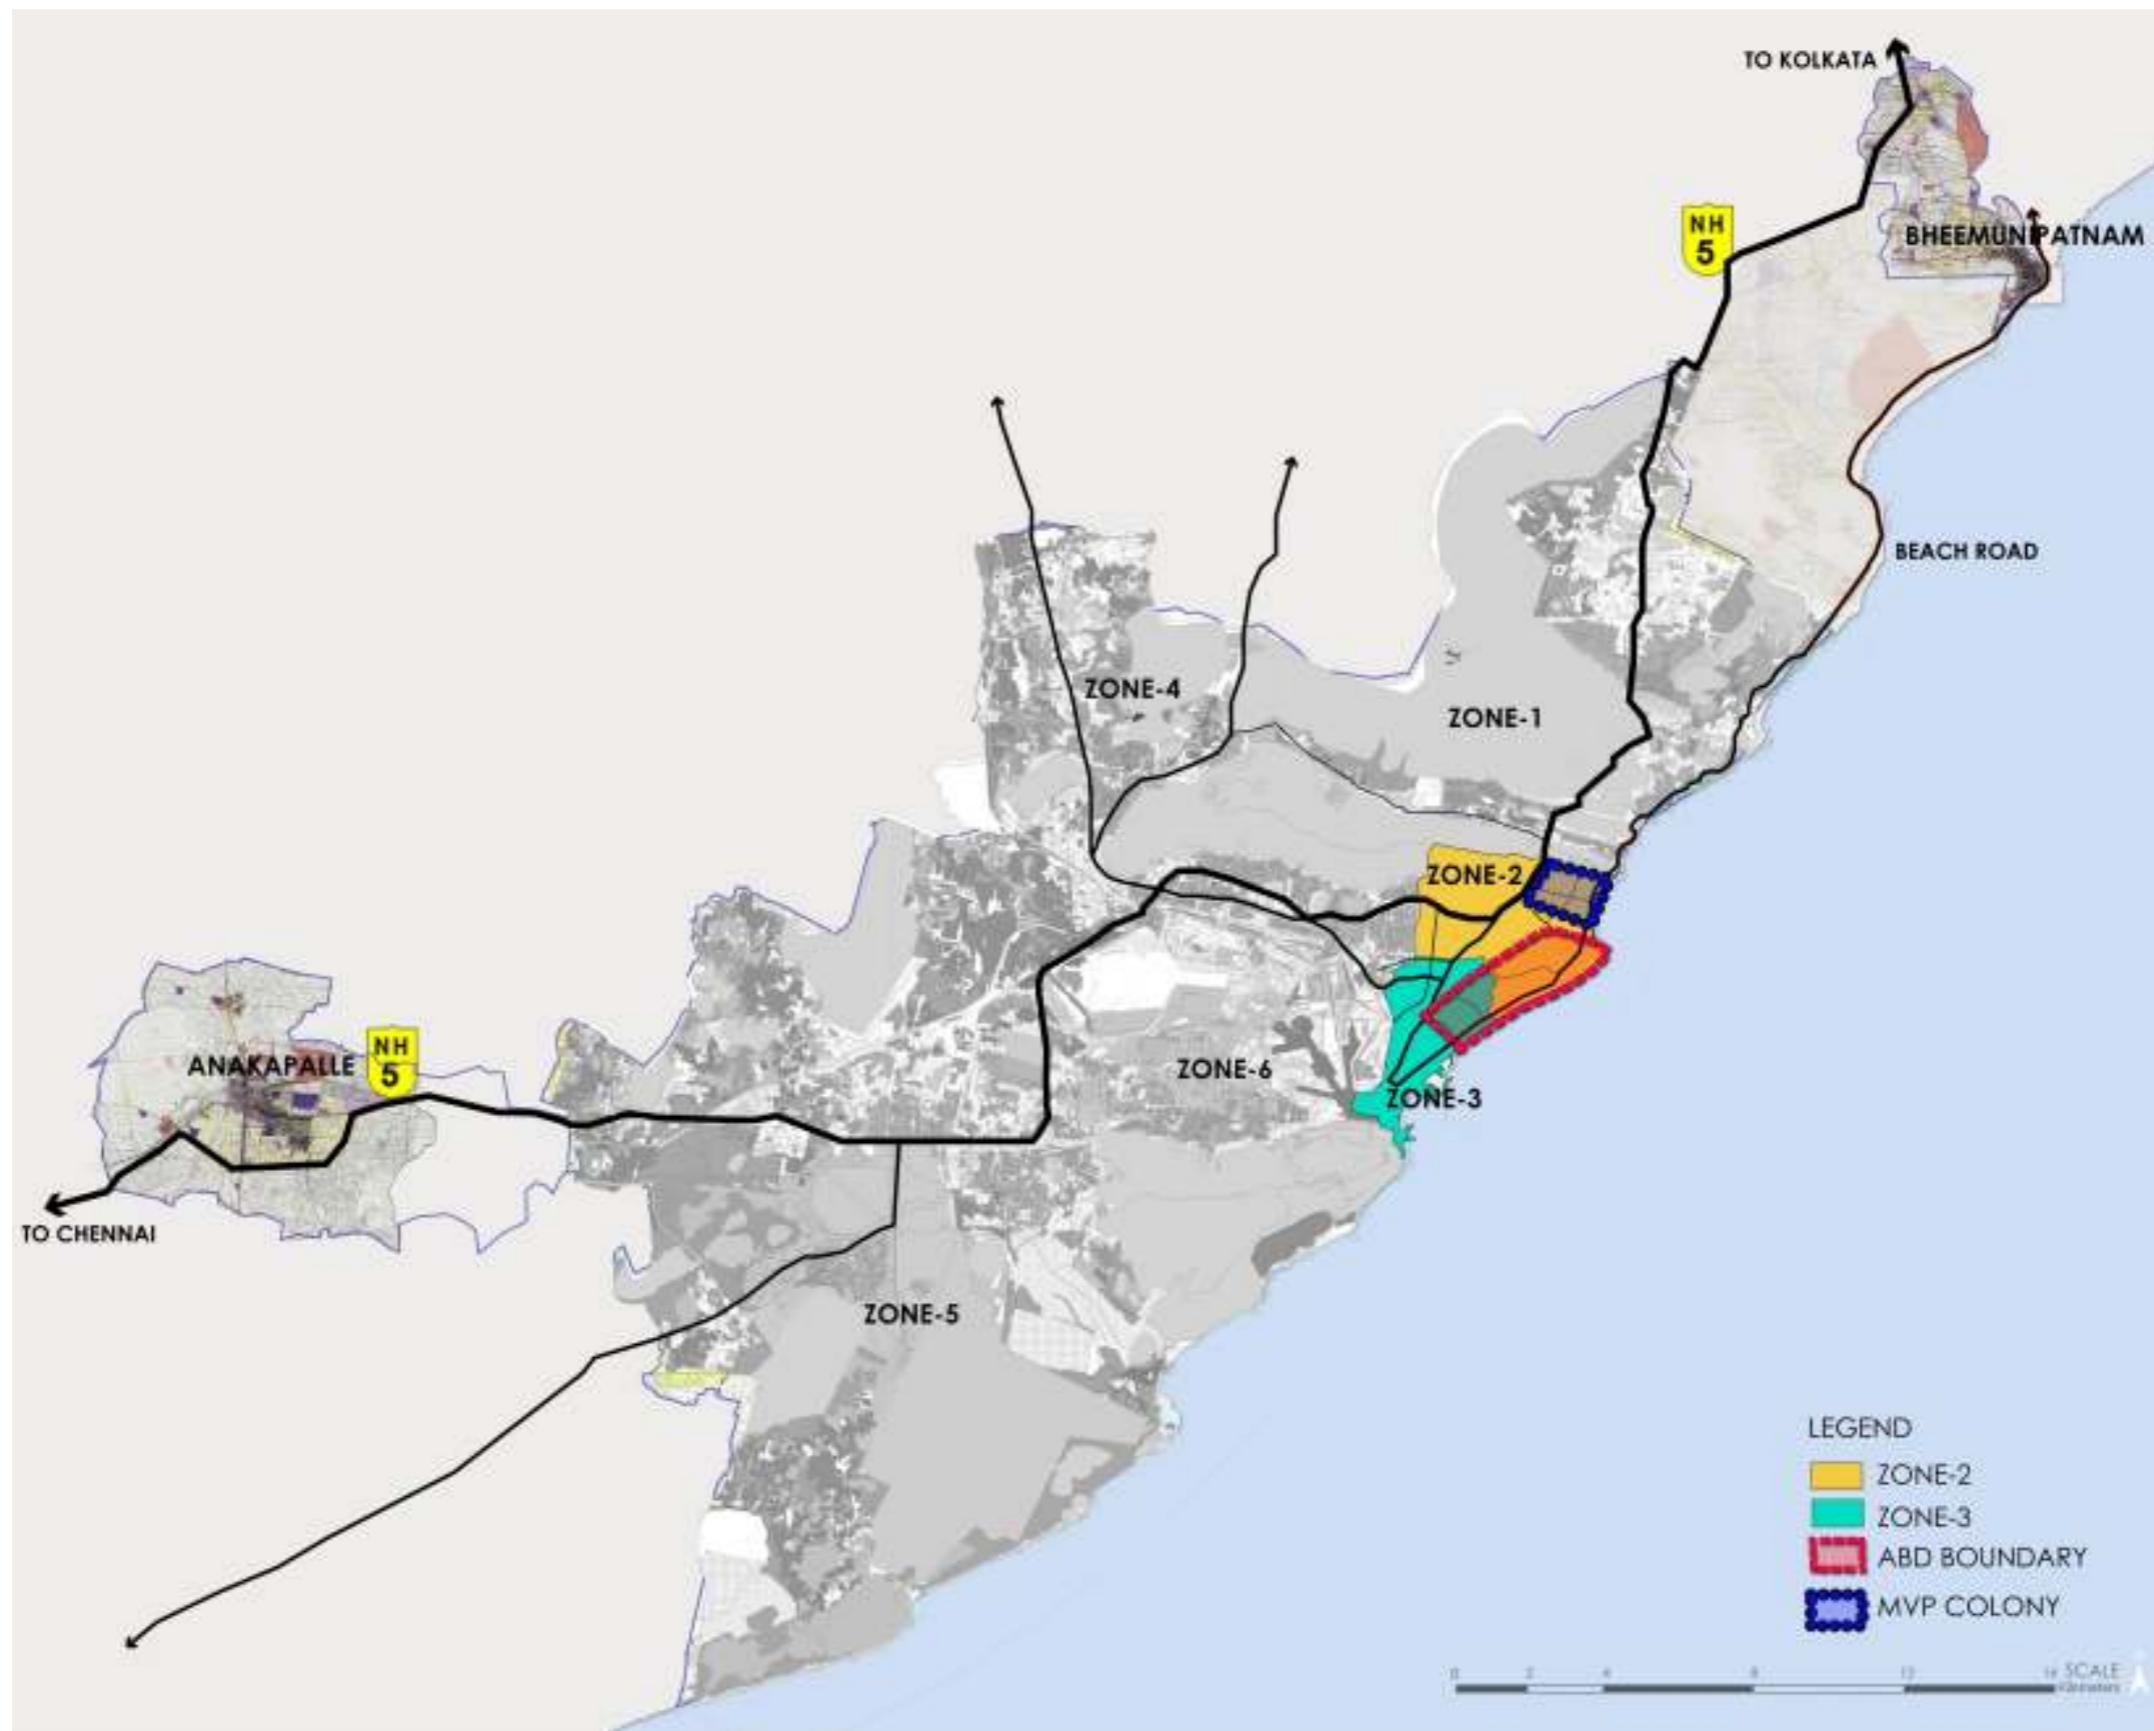

1. Incomplete EOI will be rejected.
2. The Authority reserves the right to extend the EOI submission date for which the EOI is invited.
3. The Authority reserves the right to verify the particulars furnished by the respondents independently and also reserves the right to reject any proposal without assigning any reason thereof in the interests of effective implementation of the project.
4. The detailed qualification criteria shall be provided in the RFQ-cum-RFP to be issued at a later date.

3.6 Checklist for Submission

Respondents should ensure that the following documents are submitted as requested and/or as per annexures in their proposals:-

- Letter of submission
 - Completed general information about each entity/partner/member
 - Completed details of similar projects undertaken/planned
 - Organisation profile of each entity/partner/member
 - Certificate from the statutory auditor of the entity or a chartered accountant/certified public accountant or equivalent stating the net-worth of the entity should be submitted.
 - Any other documents relevant to the Project.

Sub: Submission of Expression of Interest (EOI) for **“Developing of SmartVending Zones on PPP mode under implementation of the Smart City Mission in Visakhapatnam”**.

Sir,

Being duly authorized to represent and act on behalf of _____ and having thoroughly examined all the conditions of the invite for Expression of Interest (EOI) dated 15-05-2017 and ref:

GVSCCL/Projects/09(Smart Vending Zones)/ /2016-17 for the captioned project, I/we hereby submit our Expression of Interest and the relevant information.

1. I/We have examined in detail and have understood, and abide by all the terms and conditions stipulated in the above referenced EOI invite issued by the Authority. Our submissions/proposal is consistent with all the requirements stated in the EOlinvite.
 2. The information submitted in our proposal is complete; strictly as per the requirements as stipulated in the above referenced EOI invite, and is correct to the best of our knowledge and understanding. We shall be solely responsible for any errors or omissions or misrepresentations in our submission/proposal.
 3. I/We undertake to present our conceptual plan and facilitate GVSCCL to develop a terms of reference on the date mentioned in the invite or as and when requested by GVSCCL to its best satisfaction.
 4. We have read the provisions of the EOI and confirm that these are acceptable to us. All necessary clarifications, if any, have been sought for by us and duly clarified.
 5. We fully understand that the submission of this EOI does not bestow upon us any rights to us in any further RFQs or RFPs arising out of this conceptual plan. Such RFQs or RFPs may be governed under the terms of reference as deemed essential for that.
 6. I/We also authorise GVSCCL or their authorized representative to approach individuals, employers and firms to verify our submitted details, competence and general reputation.
 7. We understand that GVSCCL will be at liberty to finalize project parameters and issue of RFQ or RFP, after assessing the response from the parties.
-

8. This call for EOI does not constitute a solicitation. GVSCCL reserves the right to modify or cancel and may recall the EOI.
9. We have not been blacklisted by any donor agency/State Government/Central Government(s)/Central Government or its agencies in India or their equivalent abroad

The undersigned declares that the statements made and the information provided in the application is complete, true and correct in every detail.
