Restructured intersection design and 'More Chaupal'. 174.7 43 Development of smart parking at 13 locations integrated with charge stations and NMT parking and networked on a common middleware platform for integration with RCCC and front end app for Citizens Park-in-Raipur. 213.2 44 Multi-Modal interchange at ends of MRCC with Park and Interchange for Bus, Car, Taxi, Auto, e-Rickshaw and S3.7 53.7			
41 Barrier free Divyang friendly Footpath integrated with street section design, Smart Public travel stations with tactile info, Divyang friendly street parking zones, Divyang friendly traffic lights. 38.5 42 MRCC defining edge road loop to be converted to new street section design based on space allocated on priority to various user groups(Vehicles, NMT, Pedestrian). Restructured intersection design and 'More Chaupal'. 174.7 43 Development of smart parking at 13 locations integrated with charge stations and NMT parking and networked on a common middleware platform for integration with RCCC and front end app for Citizens Park-in-Raipur. 213.2 44 Multi-Modal interchange at ends of MRCC with Park and Interchange for Bus, Car, Taxi, Auto, e-Rickshaw and 53.7 53.7	40		31.2
41 tactile info, Divyang friendly street parking zones, Divyang friendly traffic lights. 38: 42 MRCC defining edge road loop to be converted to new street section design based on space allocated on priority to various user groups(Vehicles, NMT, Pedestrian). Restructured intersection design and 'More Chaupal'. 174.7 43 Development of smart parking at 13 locations integrated with charge stations and NMT parking and networked on a common middleware platform for integration with RCCC and front end app for Citizens Park-in-Raipur. 213.2 44 Multi-Modal interchange at ends of MRCC with Park and Interchange for Bus, Car, Taxi, Auto, e-Rickshaw and 53.7 53.7			
42 priority to various user groups(Vehicles, NMT, Pedestrian). Restructured intersection design and 'More Chaupal'. 174.7 43 Development of smart parking at 13 locations integrated with charge stations and NMT parking and networked on a common middleware platform for integration with RCCC and front end app for Citizens Park-in-Raipur. 213.7 44 Multi-Modal interchange at ends of MRCC with Park and Interchange for Bus, Car, Taxi, Auto, e-Rickshaw and 53.7 53.7	41		38.5
43 on a common middleware platform for integration with RCCC and front end app for Citizens Park-in-Raipur. 213.4 44 Multi-Modal interchange at ends of MRCC with Park and Interchange for Bus, Car, Taxi, Auto, e-Rickshaw and 53.2	42	priority to various user groups(Vehicles, NMT, Pedestrian). Restructured intersection design and 'More	174.7
44 53.	43	Development of smart parking at 13 locations integrated with charge stations and NMT parking and networked	213.2
	44	Multi-Modal interchange at ends of MRCC with Park and Interchange for Bus, Car, Taxi, Auto, e-Rickshaw and cycles with related infrastructure. SUTP Project	53.7

SI. No.	Projects in SCP	Cost (Rs. in Crore)
45	Road widening, constructing traffic islands and landscaping at major junctions. Integrated street section with	140.47
	underground common service corridor	-
46	GAP	7.59
	MORE RAIPUR	
47	New developments within MRCC to be Audited for Green compliances in Knowledge partnership with LEEDS,	-
48	GRIHA, USGBC. Digital Advertisement hoardings across MRCC	6.09
48	Network of Heritage & cultural area with creation of a Heritage walk	0.03
50	Upgradation of Shaheed smarak with parking & Facade improvement.	0.48
50	City Annual Fest 36 Chattisgarhi"	1.00
52	Signage, wall/street art and City Logo & brand.	12.60
52	MORE AKIKARAN (Integration)	12:00
53	Waste ecosystem asset management through e-SBM app based on Digital ID reader, Geo-fencing & MIS.	-
54	Smart metering in MRCC for water and power lines and monitored through SCADA.	2.50
55	Citywide OFC infrastructure through PPP	-
56	Wi-Fi HUBs in all Public Places	2.10
	Creating CSC Common Service Kiosks across MRCC with Integrated e-pathshala, e-medicine, Digital Literacy	
57	and other e-services.	0.46
58	IT tools for traffic management, enforcement and surveillance	2.45
59	Complete CCTV surveillance network & Analytics integrated to the RCCC.Augmented and encouragedwith a private network based on Distributed Cost model.	0.75
60	Panic button at parkings, Smart bus stations, Intersections across MRCC.	0.24
	Pan City	
	MORE ITMS	
61	Intelligent Traffic Management System (ITMS): IT tools for traffic management, enforcement and surveillance at 46 intersections identified by the traffic police department.	120.00
62	Multi Modal Transit Management System (MMTMS)	27.00
63	Smart Parking	56.00
~	Raipur Smart Card: Single card for Public Transit, Parking, other VAS and Municipal services integrated with	6.50
64	Digital Wallet.	6.50
	MORE RCOS	
65	Air Pollution Monitoring and Realtime display.	0.40
66	GIS based Property survey with Aadhar seeding for service mapping.	10.00
67	City OS: Integrating the services on a single command and control center.	24.00
68	Command and Control Center for integrated incident reporting and management.	14.00
69	Water Management: Management of water through SCADA, smart metering, GIS based asset mapping and consumer indexing and online bill payment system.	8.00
80	Waste Management: CCTV monitoring of secondary and primary dumping sites, GPS based tracking and optimum routing, RFID and bin monitoring with Geo fencing.	8.00
81	Raipur Smart City App/Portal: An integrated app based on interactive GIS map of the city.	10.00
	Crowd sourcing and Community Policing	1.00

Note- This only indicates cost of individual projects given in the SCP. The total value of SCP may additionally include other costs such as DPR preparation, PMC, O&M etc.
